Notes and goals: Please take a minute to jot down your thoughts, goals and desires. Consultation required? :

Special Considerations: Children, dog, vegetable garden?

Pictures: Please take a few photos of the landscape areas and bring in printed copies if possible.

Measurements: Rough measurements of key areas are quite useful.

Survey: Please provide a copy of your survey to the designer at the time of your consultation. The survey is required so that we can determine accurate property setbacks, and expedite the development of your plan.
